BY  **EXTRAX**

The Goliath Starter Kit includes 1 device that has a minimal and unique design to the market and works solely with the Goliath 1-Gram Pods. The flavors in the Starter Kit include the 1-Gram Berry Blue and Hawaiian Snow pods. This sleek design is easy to use and provides a smooth draw.

# Berry Blue

## 2-POD PACK | INDICA

Berry Blue is a legendary Indica strain that is tremendously popular and most known for its rich, sweet blueberry flavors. This strain embodies everything that is good about Indica accompanied by a desert-like flavor and aroma.

# Hawaiian Snow

## 2-POD PACK | SATIVA

This cool and uplifting Hawaiian Snow has all the intense flavors and aromas you'd expect from its name. However, the Sativa really gives it a strong head buzz that is much needed for those days when creativity is much needed.

# London Pound Cake

## 2-POD PACK | HYBRID

The London Pound Cake offers great-tasting lemon and citrus notes that are accompanied by a sweet, buttery vanilla dessert-like flavor. This Hybrid strain embodies more Indica traits all the while balancing the experience with relaxing yet tingly sensations.
